

# Enhanced Cleaning Solutions for Re-entry and Beyond

**EMCOR Facilities Services (EFS)** can help you meet the challenges of re-opening your facilities and the ongoing disinfection requirements needed to maintain healthier spaces.

Now more than ever, providing peace of mind is vital. Your employees, customers, and visitors

need to know that you are doing your part to provide a clean, healthy, and safe environment. Utilizing proven disinfecting and sanitizing chemical products, EFS can customize a cleaning and disinfecting program that can meet the unique requirements of your locations.

Our three-step approach delivers **healthier spaces that will both curb the spread of germs** and help protect your sites and its occupants.\*

## High Touch Point Service

- Dust furniture and other surfaces
- Damp wipe heavily soiled surfaces and disinfect high touch surfaces
- Clean and disinfect plexiglass shields and reflective surfaces
- Clean litter and empty trash, disinfect trash receptacles
- Vacuum, dust and/or damp mop floors with disinfectant

## Restroom Sanitation Services

- Pick up litter and remove trash
- Refill towels, toilet paper, soap, feminine products
- Clean mirrors
- Disinfect sinks, faucets, counters, urinals, toilets, walls and partitions around urinals and toilets
- Disinfect doorknobs, and soap and towel dispensers
- Empty and disinfect trash receptacles and sanitary napkin bins
- Sweep, mop and sanitize floor

## Floor Care Sanitation Services

- Remove chairs/furniture where possible
- High dust areas before proceeding to the floors
- Dust floors, remove litter, and scrape up gum or other materials
- Disinfect floors with wet mop or auto scrubber, as required for the space

**Our skilled cleaning professionals are equipped with the appropriate PPE, tools, and materials to help keep your facilities safer, cleaner, and to provide peace of mind to your employees, customers, and visitors.**

*\* For locations that have experienced a positive COVID-19 case, we can also provide more advanced deep cleaning methods.*
